Course of Study.

The course of Instruction for the State Normal Schools of Pennsylvania, approved by the State authorities, embraces three distinct courses of study: The Elementary Course, the Scientific Course, and the Classical Course, as follows:

ELEMENTARY COURSE,

A thorough knowledge of Orthography, Reading, Writing, Arithmetic, Geography, Grammar. Also:

Geography.—Physical, as much as found in Warren's:

and Mathematical, as found in Smith's.

Etymology.—As much as in Webb's Etymology.

Geometry,-Plane Geometry.

Algebra. - As found in elementary text-books.

Book-keeping.—A knowledge of the general principles, together with the use of checks, notes, drafts etc.

Physiology.—As found in medium-sized text-books.

Natural Philosophy.—As found in the ordinary text-books, with the use of apparatus.

Rhetoric.—As in ordinary text-books.

United States History and Constitution.—As in ordinary text books.

Botany. - As in ordinary text-books.

Penmanship.—To be able to teach and explain some approved system and the writing books to be presented to the Board of Examiners.

Drawing.—Two of Bartholomew's drawing-books, or an equivalent, and six months' practice in free-hand drawing.

Vocal Music.—Principles as found in ordinary text-books, and attendance upon daily exercises for at least one-third of a year.

The Theory of Teaching.—This embraces three things, namely:

1. A knowledge of the mental and moral powers, and the methods of training them.

2. A knowledge of the methods of teaching the different branches of study.

3. A knowledge of the methods of organizing and man

aging public schools.

The Practice of Teaching.—This includes forty-five minutes daily practice in the Model School, and two meetings each week for the discussion of the practice of Teaching.

The Theory of Teaching must be commenced at the beginning of the Junior year, and continued during the entire

course.

THE SCIENTIFIC COURSE.

In addition to the branches required in the Elementary Course, embraces the following:

Plane and Spherical Trigonometry and Surveying. Higher Algebra.—As found in ordinary text-books.

Analytical Geometry and Calculus.

Chemistry.—As found in ordinary text-books.

Natural Philosophy.—As much as in Olmstead.

Zoology.—As found in Agassiz and Gould. Geology.—As found in ordinary text-books.

General History.—As found in Weber and Wilson.

Astronomy. - As found in Loomis.

Logic.—As much as in Atwater.

Mental and Moral Philosophy.—As much as in Haven or Hickok.

Elements of Latin. - Including four books of Casar.

English Literature.—As much as in Shaw, and the study of English classics for one-third of a school year.

Theory of Teaching. - As much as in the Elementary

Course, and the whole of "Methods of Instruction."

Substitutions.—Lady pupils may substitute for Spherical Trigonometry, Analytical Geometry, Calculus, the Mathematical parts of Natural Philosophy and Astronomy, and the latter third of Higher Algebra—an equivalent amount of Latin, French or German.

CLASSICAL COURSE.

This course is designed to prepare Teachers for Classical High Schools. It includes the studies of the Elementary and Scientific courses, and the usual Collegiate course in Latin and Greek. Those who prefer it may substitute the French and German languages for an equivalent amount of Latin and Greek.

MISCELLANEOUS PROVISIONS.

Pupils, to graduate in a Normal School, must attend twenty-one weeks.

Pupils applying for a diploma in any course, must be examined in all the studies of that course.

Thesis.—In each course a thesis must be written upon some educational subject.

At examination, a paper stating that the candidates have completed the course of study for Normal Schools, have taught the required time in the Model School, and have been examined and approved by the faculty, shall be presented to the Board of Examiners.

Papers for second diplomas must be presented to the Board of Examiners at their regular session.

EXAMINATIONS.

The examinations for graduation are conducted by the Faculty of the school and a Board of Examiners.

The Faculty first examine the candidates, and if they find

them qualified, refer them to the Board.

The State Superintendent, who is President of the Board, two Principals of State Normal Schools and two County or City Superintendents of the First District, constitute the Board of Examiners.

The Final examination of the Graduating Class occurs about two weeks before Commencement; the date is fixed by State Superintendent.

DIPLOMAS.

A student graduating in the Elementary Course will receive a diploma, in which will be named the branches he has studied, and by which he will be constituted *Bachelor of the Elements*; the diplomas of those graduating in the Scientific and Classical Courses will enumerate the distinctive branches

of these Courses, and constitute their holders, respectively.

Bachelor of the Sciences, and Bachelor of the Classics.

Regular graduates who have continued their studies for two years, and who have practiced their profession for two annual terms in the Common Schools of the State, and who have presented to the Faculty and Board of Examiners a certificate of good moral character and skill in the Art of Teaching from the Board or Boards of Directors in whose employ they have taught, countersigned by the proper County Superintendent, may receive second diplomas, constituting them Masters in the several studies embraced in the Course in which they graduated, and conferring upon them corresponding professional degrees, as follows:

Master of the Elements. Master of the Sciences. Master of the Classics.

The Normal School law makes it the duty of the authorities of the Normal Schools to grant Diplomas or State Certificates to actual teachers in Common Schools, without their having attended the Normal Schools as students. The following are the conditions upon which these Diplomas will be granted:

1. Each applicant must be 21 years of age, and of good moral character, and he must have taught successfully during three consecutive annual terms in common schools in this State, the proof of age to be the declaration on honor of the applicant; and of moral character and the satisfactory discharge of the requisite terms of teaching, a certificate from the proper Board or Boards of Directors, signed by the President and Secretary, and countersigned by the proper County Superintendent or Superintendents.

2. The examinations to be in the Elementary, Scientific or Classical Course, as the applicant may select, according to the list of studies as printed in the circulars of the State Normal Schools, and approved by the Superintendent of Common Schools, or in such other studies as may by the Board of

Examiners be deemed equivalent.

3. Any person obtaining a certificate in the Elementary or Scientific Course may, at the next or any succeeding annual examination, be examined for the higher course, and obtain the proper certificate.

4. Each applicant to prepare and present to the Board of

Examiners an original thesis of not less than six folio pages of manuscript, on some professional subject, to be retained at

the school where the examination takes place.

5. The examination and certificate to be without expense to the applicant, and the certificate to be full evidence of qualification to teach the branches therein named, in any part of the State without further examination.

Schedule of Studies.

(As arranged for this School.)

MODEL SCHOOL.

Pupils finishing this course, are prepared to enter the Junior year of the Normal Department.

D Class. - Language Lessons, Reading, Spelling, Fundamental Rules of Arithmetic, Geography.

C Class.—Language, Reading, Spelling, Arithmetic through Common Fractions, Geography, Map Drawing, Oral Lessons in U.S. History.

B Class.-Language, (including the Elements of Grammar and Rhetoric), Arithmetic, Geography, Map Drawing, U. S. History, Lessons in Literature and Composition, Latin, Reading.

Location, Ruilaing, Etc.

LOCATION.

THE situation of West Chester is unsurpassed for the beauty and tertility of its surroundings, and for the healthfulness of its climate. Elevated nearly 500 feet above tide, it is free from all malaria. Access is had several times daily by railroad from Philadelphia, or by a branch connecting with the Pennsylvania Central, as also by stage from the Wilmington & Reading Road.

THE BUILDING

is situated on the South side of the Borough, half a mile from the Court House, is entirely new, of stone, 150 by 112 feet, four stories high, with a basement. All the rooms are heated by steam, and lighted with gas, and nearly all are arranged for two students each.

The views are among the finest in the county, embracing a scope of country varying in extent from three to fifteen miles. There is a good view from every room in the building.

GROUNDS.

The ground, consisting of ten acres, occupies a beautiful elevation, sloping from the building in all directions; it is laid out in drives, walks, croquet and ball grounds, and is ornamented with trees, shrubbery and flowers.

OUTFIT.

Pupils boarding in the Institution will be furnished with single beds, bedding and wardrobe, and are expected to furnish a pair of blankets, looking glass, towels, and table napkins. Many of the students provide carpet for their rooms, thus giving them a very neat and home-like appearance.

Admission, Government, Etc.

CONDITIONS OF ADMISSION.

Pupils will be allowed to enter the regular course at any point for which they are actually fitted. They may enter at any time during the session, and will be charged from date of entrance till end of Session, unless by special agreement.

A prompt attendance at the commencement of the Session is of the utmost importance, both to the progress of the pupil

and proper organization of the school.

Students desiring to enter the Institution should make application to the Principal at as early a date as possible.

GOVERNMENT.

Self-Government is regarded as the only true government, and nothing will be required except that which a true sense of honor and self-respect would naturally demand from the individual.

Any pupil whose influence is found to be vitiating, will be

at once removed from the School.

MORAL AND RELIGIOUS CULTURE.

The intercourse of the students with each other and with the Instructors, most of whom, together with the Principal and his family, reside in the Institution, will be regulated in conformity with the usages of refined and cultivated society.

All students are required to attend the opening exercises of the School in the chapel each day, and all must attend religious services each Sabbath morning, in the town, at the churches preferred by their parents or guardians.

APPARATUS.

The Institution is supplied with Philosophical and Chemical Apparatus of the most approved kind, and students have an opportunity to *perform practically* the experiments described in the text books. A small charge is made to students

taking a course in Experimental Chemistry, to cover the expense of breakage and chemicals consumed.

LIBRARY AND READING ROOM.

There is a well-selected library belonging to the school, to which students have access, free of charge, subject to regula-

tions adopted by the trustees

The reading tables are supplied with the leading periodicals of the country, together with the prominent Philadelphia and Wilmington daily papers and the local county newspapers, to which students have free access when not on duty required by the school.

LITERARY SOCIETY.

The "Moore" Literary Society, composed of students and members of the Faculty, has been in successful operation since the commencement of the school. It is desirable that students connect themselves with the society, as the advantages are various and important.

COURSE OF LECTURES.

Students have unusual facilities for attending Lectures. During the year the following distinguished speakers lectured in West Chester, and a large number of student attended:

John B. Gough, Mrs. Mary A. Livermore, Bayard Taylor, James T. Fields, Rev. Wm. H. H. Murray, George P. Hays, D. D., Birdsey G. Northrop, and Hon. Daniel Dougherty. In addition to the above, Joseph Thomas, I.L.D., of Philadelphia, delivered a course of eighteen lectures on History and Language, to the students, in the chapel of the school.

MUSEUM.

The Museum contains a large and valuable collection of specimens, illustrating every department of Natural Science. It was commenced in the year 1826, and has been annually enriched with contributions from every portion of the world, so that at the present time it is doubtless unexcelled in our State, excepting only the Academy of Natural Science of Philadelphia. The justly celebrated "Herbariums" of the late Dr. Wm. Darlington, and David Townsend, now in this

Museum, are conceded to be two of the most accurate a extensive private collection ever formed in this country.

PHYSICAL TRAINING.

The importance of physical culture is duly appreciated, d the general health of the students is a subject of carefulttention. The whole school receives a daily drill in io Lewis' system of Light Gymnastics, and out door exercisis required when the weather is favorable.

TEXT-BOOKS.

Text-books are sold to students at Philadelphia rail prices; but all books used in the Elementary Course, refurnished on rent, to those preferring it.

INSTRUMENTAL MUSIC.

The Piano is taught in accordance with the most impyed modern methods, and by instructors of eminent qualrations. The pupil is made to feel that an understandin of the art of Music and a mastery of this instrument, constite no light accomplishment, and cannot be attained by ny short and easy way. All the work done, therefore, is ion a plan which contemplates the higher results of musicalulture. We cannot encourage the prevailing impatient so fatal to genius and lasting success, which works only uler the *stimulus* of immediate results; no pupil is led to expt a single triunph of attainment except as the fruit of patiennd long continued labor.

Those who wish to make music a specialty, have facties

rarely excelled.

APPLICATIONS FOR TEACHERS.

Frequent applications are made to the Principal for well trained teachers; and it will be our aim to supply the demand as far as possible. Directors and others desiring to employ teachers for the higher grade of schools, will please remember that we are better able to supply their wants near the end of each Term.

CALENDAR.

The school year is divided into two sessions. The winter Session will begin *Monday*, *August* 30, and continue *twenty-eight weeks*. The Spring Session will begin *Monday*, *March* 27, and continue *fourteen weeks*. There will be a vacation of one week at Christmas, and between the sessions.

DEDUCTIONS.

Students absent two consecutive weeks or longer, on account of personal sickness, are entitled to a deduction of one-half the usual rates.

Those leaving for any other cause, will be required to pay for half a term, unless by special agreement with the Principal.

All bills must be settled with the Principal who acts in behalf of the Trustees. Bills for one term must be settled be-

fore a student will be permitted to enter upon the next term, unless by special arrangement.

STATE APPROPRIATIONS TO STUDENTS AND GRADUATES.

By a recent Act of the Legislature, the following appropriations are made by the State to Normal Students and Graduates:

I. Each Student over seventeen years of age, who shall sign a paper declaring his intention to teach in the Common Schools of the State, shall receive the sum of FIFTY CENTS per week toward defraying the expenses of tuition and boarding.

2. Each Student over seventeen years of age, who was disabled in the military or naval service of the United States, or of Pennsylvania, or whose father lost his life in said service, and who shall sign an agreement as above, shall receive the sum of ONE DOLLAR per week.

3. Each Student who, upon graduating, shall sign an agreement to teach in the Common Schools of the State two full

school years, shall receive the sum of FIFTY DOLLARS.

4. Any Student, to secure these benefits, must attend the School at least twelve consecutive weeks. These benefits will be deducted from the regular expenses of board and tuition, when the appropriation is received from the State.

VISITORS.

Calls on the pupils at other times than during the hours of recreation, seriously interfere with the objects they have in view, and therefore will not be allowed except in case of necessity.

Persons desiring to visit the School are cordially invited to

do so at any time.

REGULATIONS.

1. Every student is requested, on entering, to give the Principal information in regard to the following particulars: Whether he designs fitting himself for a teacher; what length of time he designs remaining in the Institution, and whether he desires to pursue the regular course for graduation.

2. Students are considered members of the school until the Principal is duly notified of their withdrawal.

3. Students boarding in the building are requested to provide themselves with *slippers*.

4. The hours regularly assigned to study are to be faithfully devoted to the preparation of the exercises required.

5. Students are allowed to walk for exercise in the vicinity of the school, but no one is permitted to visit the town, or otherwise absent himself, without permission from the Principal.

6. Permission to be absent from a recitation must always be obtained from the teacher in charge of the class, before

the absence occurs.

7. Boarding students who are not present at the beginning of the term, must send to the Principal a written explanation of their absence, or their rooms will be forfeited.

8. Every student must be present at the daily opening exercises of the school, and at all general exercises in the chapel,

unless excused.

9. All objectionable books and papers found in the possession of students, will be taken and destroyed.

10. Each student will be held accountable for any dis-

turbance or damage in his room.

or alterations be made in the windows, doors or any apendage of the rooms, without permission from the *Steward*.

12. Students are not allowed to visit one another's room during the regular hours of study, and no change of rooms must take place without permission from the Principal.

13. Each student of Instrumental Music will have regular hours assigned for practice, during which time no spectator must be present to interrupt the exercises or divert the attention.

14. All students who are tardy, unnecessarily, at meals, must forfeit them, and no one must leave before the rest without good reason and permission from the person sitting at the head of the table. Any student sick or indisposed and requiring attention, must have himself reported at once to the Principal.

15. It is expected that the ladies and gentlemen of the Institution will treat one another with politeness, but they

will not be allowed to assemble in the Chapel, Recitation Rooms or Halls, during recreation hours for conversation, except when permission is given. Neither sex will be expected to trespass upon that portion of the building assigned to the other.

16. No lady or gentleman attending this Institution will correspond, meet, walk or ride with a student of the opposite sex, except in cases of necessity, and then only with the

permission of the Principal.

17. Students will not visit the dining room at any other time than meal-time; neither kitchen or the music room without permission.

18. Loud talking, whistling, scuffling, &c., in the building

are prohibited.

19. The use of tobacco in any form, is strictly prohibited

in the building or on the grounds.

20. Students will be required to attend public worship each Sabbath morning, at such place as their parents or guardians

21. Students must furnish towels, napkins, looking glass, and a pair of blankets, and have all articles of clothing distinctly marked. Each student is permitted to have twelve pieces washed each week without extra charge.
